A Greener Nursery

Constance Marie, former star on *George Lopez*, welcomed a daughter, Luna, last February.

"I want her to have a clean world and clean air," Marie says. A few things she does:

★ **Crib** She found one made of solid, sustainable wood at greencradle.com.

★ **Paint** She buys paint marked either low or no VOCs (chemicals that emit irritating gases).

★ **Bedding** Luna's crib has a mattress of 100 percent natural rubber and undyed organic sheets.

★ **Diapers** "I use Happy Heineys," says Marie. —Tricia O'Brien
