

## NUK® Cups, Utensils and Tableware

NUK's innovative line of cups, utensils and tableware help babies gain confidence and learn new feeding skills. The ergonomic design and easy grip handles are great for babies as young as six months. Makes the transition from breastfeeding to cup to spoon comfortable and quick.

*Available January 2010*

**\*NUK Learner cup 5oz:** Easy grip handles and extra wide neck allow little hands to hold on tight, while the spill-proof spout prevents accidents. Comes with new silicone spill proof spout and vents air to prevent colic. Recommended for babies 6 months and older. Available in both silicone and latex and 3 colors sets: blue, red and green. SRP: \$6.96/ 1pk

**\*NUK EZ Cup™ 8oz:** Features ergonomically shaped, anti-slip handles and a soft non-spill silicone spout. Available in blue, red and green. Recommended for infants 6-18 months. SRP: \$5.96/ 1pk

**\*NUK Active Cup™ 10 oz:** Light, robust design is perfect for babies 12 months and older. The spill proof spout and clip belt is great when baby is on the go. BPA-free cup features new silicone spout. Comes in adorable pink princess and blue pirate patterns. SRP: \$5.96/ 1pk

**\*NUK Soft Bite feeding spoon:** BPA-free and made from ultra soft silicone, this innovative spoon is perfect for baby's transition from sucking to feeding. Flexible tip keeps the spoon comfortable in baby's mouth, while the ergonomically-designed handle gives mom a secure grip. Extra long handle is perfect for tall food jars. Suitable for infants up until their first teeth appear. Available in blue and orange. SRP: \$4.98/ 2pk
